Cohen's Lottery & Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, December 25, 1823.

Continued luck at Cohen's Office.

In addition to the highly interesting state of the wheels heretofore, in the GRAND STATE LOTTERY, the drawing of yesterday rendered the prospects to adventurers still more inviting!

On reference to our official list, on the next page, it will be perceived that nothing came out higher than one prize of *One Thousand Dollars*. This handsome sum fell to No. 8083, and as usual was sold at COHEN'S OFFICE. It is held in a whole ticket; the owner is a gentleman of *Virginia*, but at present in *New York*, having passed through this place on his way to that City about three weeks ago. This is another evidence of the great luck attending distant adventurers at COHEN'S OFFICE. Besides the above, the only prize of *One Hundred Dollars* which came out yesterday, was also sold at this office, and was divided in *Quarters*.

There remain now ONLY FIVE DRAWINGS to complete this splendid lottery, and there are yet to be drawn the magnificent Capital of ONE HUNDRED THOUSAND DOLLARS—the 20,000—both the 10,000's—the 5,000—& of 1000 &c. &c., the whole of which are payable in Cash, and can be had at COHEN'S OFFICE the instant they are drawn.

Tickets, - - \$15 00 | Quarters, - - \$3 75
Halves, - - 7 50 | Eighths, - - 1 87

Orders from any part of the United States by mail, (post paid) or by private conveyance, enclosing the Cash or prize tickets, will meet our accustomed prompt attention—Direct to

J. I. COHEN, JR.—Baltimore.

The Next Drawing—Important.

In former lotteries with a view of giving to our distant friends the same chance enjoyed by our City patrons, of renewing small prizes, and completing their investments, it has been our custom usually to allow an extra week or two for that purpose, whenever the situation of a lottery has prompted it—At the present moment, the very interesting state of the wheels of the GRAND STATE LOTTERY calls for the usual intervention of time previous to the next drawing, and we are enabled to inform our friends that the Commissioners will not proceed with the 16th drawing till *Thursday the 22nd of next month*, on which day we anticipate the pleasure of announcing the distribution of some of the great capitals so long floating in the wheels. In the mean time therefore, the opportunity thus offered, should be improved, and ORDERS from distant places should be, without delay, forwarded to COHEN'S OFFICE, Baltimore, where more capital prizes have been obtained than at any other office in America; and where the most prompt attention is paid to all orders, whether for whole tickets or shares.

The 20,000 Dollar Prize!

Fifteen drawings of the GRAND STATE LOTTERY being now over, the 20,000 dollar prize agreeably to the scheme, has been deposited, and is NOW FLOATING in the wheel, and liable, with the other floating prizes to come out at the next drawing—Tickets are going off very rapidly—they are now at the rate of Fifteen dollars only, but will soon be advanced.

The Notes of any of the Banks in Virginia, North Carolina, South Carolina or Georgia, and also

of all specie-paying Banks in Maryland, New York, Pennsylvania and Ohio, will be received at COHEN'S OFFICE, at par, in payment for either Tickets or Shares in the Grand State or Monument Lotteries.—The notes of the Bank of the United States and Branches will also be received at par.

By the provisions of the Federal Constitution, the Electors of the President and Vice President of the United States are to be chosen within thirty days before the first Wednesday in December, 1824, when those electors are to meet and vote.

Important.—Letters received in town from Washington, assert that the British Government has made proposals to our government to join in resisting the "Holy Alliance" in any attempts they may make against South America.—*N. Y. Gaz.*

A military ball is to be given at New-York, on the 8th of January, the surplus proceeds of which are to be added to the fund about to be raised in New-York in aid of the cause of the Greeks. The Managers of the Theatre Messrs. Price & Simpson, have offered the use of it for the occasion. The pit is to be floored over, and a grand entrance cut through the boxes. The building will be tastefully decorated.

Pennsylvania Legislature.—A Harrisburg paper says—"It has been ascertained, that the present House of Representatives of this state, is composed of one hundred members, viz. 56 farmers, 8 manufacturers, 10 merchants, 7 artists, 12 lawyers, 1 physician, 3 surveyors, 1 innkeeper, and 2 capitalists, of whom 79 are married, 3 widowers, and 18 entitled to the distinguished appellation of Old Bachelors."

Detection of Mail Robbery.—A laudable vigilance appears to be exercised by the General Post Office, in detecting and correcting abuses in that establishment. By measures taken for that purpose, information has been received, that Daniel Wolford, Postmaster, in Newbern, Montgomery county, in the state of Virginia, has been detected in robbing the mail, by opening letters passing through his office, and taking money therefrom. He was apprehended almost in the act, by the Agent of the General Post Office, and safely lodged in jail at Montgomery Court House, to await his trial.

Latest Foreign Intelligence.

On Thursday evening last the fast sailing packet ship London, capt. Allen, arrived at New-York from London: sailed from Cowes on the 12th November. The most interesting news by this arrival we have given below. In a letter from an American gentleman in London, to the editor of the Commercial Advertiser, it is observed: "From every view therefore that I can take of the subject, I see no hope for the cause of rational freedom. Legitimacy has obtained a triumph, and the sleep of despotism will continue to impose its heavy chains on the people of Europe for a still longer period. England, in the mean time, is losing her influence on the continent, the necessary consequence of the present state of affairs."

A Bayonne paper gives the following horrible statement relative to Riego: "Riego has been tried, and could not find any counsel to defend him, and it was necessary to provide him with one by drawing lots. His sentence is to be strangled and quartered; and it is supposed that this sentence will be carried into execution, as the king is not likely to pardon him."

[Another account says, Riego had permission to attend the Court, but would not. The counsel assigned for him, spoke in his defence, and contended that he ought to be tried by a military commission.]

The last letters from Greece state, that the fleet of the Captain Pacha, has arrived in the Dardanelles, and gone into the Port of Constantinople. The above letters also stated, that the movements of the Janissaries, cause great alarm to the Government.

The elegant ship Paris, captain Robertson, from New-York, for Havre, was driven ashore near Cherbourg, in the gale of the 1st of November—the crew and 40 passengers all saved. The papers state, that near 30 sail of vessels were driven ashore on that part of the French coast.

On the 31st of October, a tremendous gale was experienced along the English coast. The papers say, that its severity was equal to any within the memory of the oldest inhabitant. Several hundred vessels were driven ashore, and many lives were lost.

The admiralty have it in contemplation to commission the discovery ships for another voyage to the Polar seas, by the way of Behring's Straits, whence they will sail eastward.

A dreadful explosion of a coal mine, belonging to the Marquis of Londonderry, took place near Durham, on the 3d of November. There were between ninety and a hundred persons in the pit, all of whom perished. About forty of the bodies had been taken out.

A Paris paper, of the 2d of November, revives the report that the Marquis La Fayette, intends to visit the United States.

The new Pope intends to proceed on a tour through England and Ireland.

A monument is erecting in the field of Waterloo, to commemorate the battle fought there in 1815. It will consist of a lion 30 feet long and 18 feet high, placed upon a hillock 150 feet high.
